

XTRA GRIP 7.1.EN

Wear-free anti-skid solutions to prevent falling and slipping

boplan.com[®]

BOPLAN

The Ultimate Safety Materials Manufacturer

Boplan designs, develops and manufactures durable and extremely effective safety barriers for demanding environments. The focus is on the protection of people, vehicles, buildings and infrastructure. We only use high-quality and extremely strong plastics, so the features of traditional raw materials become meaningless.

Boplan modular systems are the most innovative available on the market and are used to secure industrial buildings, warehouses, production halls, airports, drilling platforms and (petro)chemical sites. We offer a solution for any specific application.

Thanks to our passion for quality and sense of innovation, we have become one of the sector's leading companies. All products and systems are tested in advance to meet the highest standards.

OUR MISSION:

Boplan is committed to create extraordinary products and challenge existing standards in industrial safety! We do this through our talented and dedicated team, a constant drive for innovation, and a passion for exceeding our customer's expectations.

XTRA GRIP

Wear-free anti-skid solutions to prevent falling and slipping

Skid and fall: it seems trivial but it still is the second largest cause of accidents in work places and public areas. The consequences reach from freight and embarrassment to serious injuries. XTRA GRIP strongly reduces skidding hazards in all possible risk situations near staircases, ladders, platforms, aisles, loading docks, passages, working platforms, access slipways, industrial flooring, etc. XTRA GRIP is a high-technological multilayer sheets made of strong plastic with lined non-skid particles that do not loosen when being driven on and that also remain their safe and reliable function when wet. XTRA GRIP is a durable, high-impact and maintenance-free sheet that excludes any kind of skidding.

DISCOVER THE UNIQUE ADVANTAGES OF XTRA GRIP

Fixed lined non-skid particles · durable multilayer construction · minimal down time
· general applications · ready-for-us

PRODUCTS

Discover our large product range

XTRA GRIP is available in various versions which makes the paths suitable for almost all possible applications. XTRA GRIP is available in standard plates, low-profile plates and in versions for staircase or ladder steps. Moreover, all custom-made work is possible (size, thickness, composition and colour). All XTRA GRIP parts are supplied in the size you want, fully ready for use.

► XTRA GRIP PLATES

The XTRA GRIP plates are designed for all plain floors. They are available in 3 standard colours (yellow, grey and black) (or on demand in any other RAL colour) and in 3 particle sizes (S, M or L) and are supplied to the required size or on manufacturing length.
